PROFILE

"As a front-end developer with expertise in building responsive and user-centered interfaces, I am keen on continuously developing my technical skills and exploring new technologies to improve user experiences."

SKILLS

- HTML5, CSS, SASS, JavaScript, TypeScript, Ext.js.4, Ext.js.6, React.JS, Bootstrab.
- Sql, Python, Excel (VBA).
- Graphic Design.
- Creativity, Proplem Solving, Team Work, Integrity, Communication Skills, Time Management.

EXPERIENCE

Rocket Travel Solutions Front-End Developer 'Ext.js'

Nov 2023-Nov 2024

- **Technologies:** Ext JS 4, Ext JS 6, JavaScript, HTML, CSS
- **Learning & Development:**
 - Studied Learning Ext JS 4th Edition by Carlos Méndez, covering Ext JS 5.
 - Gained hands-on experience in Ext JS 4 and Ext JS 6, with a primary focus on Ext JS 4 during project work.

- **Projects:**

CloudERP (Asset Management System):

- Developed and enhanced multiple screens including *Receiving Purchases, Sales Pricing, Sales Order, Sales Invoice, Close Bank, and Item Mapping*.
- Fixed numerous bugs across the system and implemented extensive Arabic and English translations for the entire platform.
- Collaborated in the development of various critical features and provided continuous system improvements.

Order Taker:

- Created key screens such as *Create Order* and *Item Mapping*.
- Addressed and resolved all bugs, ensuring system stability and enhanced user experience.
- Migrated changes from the Ext JS 4 version of the system to the Ext JS 6 version.

Transport System (UI/UX):

- Designed covers and dashboards for the *Transport* and *Order Taker* systems.
- Contributed to the overall graphic design of the project.

Mahara Tech-ITI Mooca Ambassador

2022-present

- Guide students in exploring courses related to Information Systems.
- Promote and organize events, webinars, and conferences.
- Support learners in benefiting from the platform's resources.

Red Sea Governorate, Summer Training (3Month)

2021

- **Web Development:** Basic knowledge of HTML, CSS, and JavaScript.
- **Graphic Design:** Basic skills in Adobe Photoshop and Illustrator.
- **IT:** Basic understanding of networking and operating systems.
